NUMBER 32

4,500 MEN IN TRAINING CAMP

PROMINENT MILITARY OFFICER EXPECTED TO VISIT CAMP.

The Military Camp at Lake Margrethe is again in action. Gen. Wilson arrived Tuesday to take charge. Also the service Battery of the 106th division, the headquarters of the 106th division arrived Tuesday. Today, August 7th, the entire 119th field artillery and the rest of the 106th cavalry arrived. On Saturday, August 9th all the infantry of this state will be here to begin service. On Tuesday, August 12th the 182nd field artillery of Detroit concludes those arriving and there will be about 4,500 men in camp.

The camp expects as visitors during this time, the Adjutant General of Wisconsin, General Robert McCoy, and General Harry C. Hall, also of Wisconsin. Many former officers are expected also.

The camp is now in readiness for the men, having been under construction for several weeks. A new garage, oil station and bath houses have been built. This work has been under the supervision of Supt. Henry Baumgartner and his assistant George Schaible.

While the big camp always brings added patronage to our local business places, it also means the coming of hundreds of families, persons, who have been active in the Guard for several years past. From General Wilson down to private, almost every one has learned to know some persons in Grayling who are glad to see them again. It was a pleasure to see the long trains filled to capacity with the young men of Michigan's National Guard, as they passed thru our city, and along the line of coaches he heard the greetings between friends, with the cheery hello, Bill, or hello Jim, or many other names. While spending the night on the cars, the young men seemed wide awake and happy.

There is a fine cordial feeling among the people of the town and the officers and men of the Guard, that cannot be expressed anywhere. Michigan may well feel proud of the personnel of its troops.

The Camp grounds are in wonderful condition and the officers and men are sure to enjoy this annual outing just as they have others in the past.

THE MICHIGAN STATE FAIR WANTS TO KNOW HOW SMART "THE BABY" REALLY IS.

The Avalanche has a letter today from the Michigan State Fair, asking if we have any prize winning babies and, if not, would we care to have one of our prize winning babies.

The "Better Babies" Contest at the Michigan State Fair is a real thing. There are youngsters there from every nook and corner of the state, and the contest has a real purpose. Some of the best physicians in Michigan are among the judges. It is an interesting and popular feature of the fair.

Entries close Wednesday, August 27th. A person entering a baby must purchase at the time of making entry an exhibitor's ticket, price \$2.00. This ticket will admit the holder once each day during the fair, but is not transferable.

Write to G. W. Dickinson, Secretary-Manager of the Michigan State Fair, 815 Farwell Building, Detroit, for entry blanks and instructions.

WELSH FOR LT. GOVERNOR.

I am a candidate for the republican nomination for the office of Lieutenant Governor. I am a republican and believe in the principles of the Republican party. While this office carries with it no administrative duties and has neither voice nor vote in legislative matters, it is an office of influence and importance, and it is fitting that any candidate for this office should express his attitude on public affairs.

In eight years of active legislative work, I have gone on record on every legislative proposition submitted during that time. My attitude as expressed in the official records of the State is perhaps the best indication of my views, and on that record I stand. I have faith in Michigan and its future.

I am proud, as every citizen of the State has reason to be, of all that has contributed to place Michigan in the front rank of the States of the Union. Our position of leadership cannot be attributed to any one class; any one industry or resource; nor to any one section. I am equally proud of the vast natural resources of the upper peninsula; of the products of our fertile fields; and of the growth of our industrial centers. I believe that the progress of our state depends upon the harmonious co-operation of all sections.

With the development of modern highway travel there is opening to Michigan a new avenue of wealth. Natural scenic beauty of our woods, hills and lakes, combined with an intelligent program of conservation of wild life; development of state parks and the completion of the network of wide hard surfaced highways now under construction, will make Michigan the premier playground of the nation and will give to our urban centers a source of revenue comparable to the income of our industrial centers.

I believe the present state administration has given the most progressive and business-like government in the history of the state, and I pledge myself if chosen to the office to which I aspire to devote such energy and ability as I possess to a continuance of the program to keep Michigan in her present enviable position. Were I to subscribe to a public record it would be for a return to, and obedience to the fundamental principles of American citizenship as prescribed in the basic law of the land and of our commonwealth.

George W. Welsh.

WANT TO KNOW WHAT ABOUT IT

THE DEFENSE TEST, SEPTEMBER 12, 1924.

The public wants to know what all this talk about Defense Test Day means, and the following is an explanation:

Why It Is. In 1920 Congress passed a law for our National safety.

This law provides a reserve composed of civilian volunteers. In peace, this reserve is only a framework composed mostly of officers.

If we are attacked, this framework reserve is filled up by enlisted men procured by selective service boards of civilians.

To do this, plans called mobilization are necessary. The war department is responsible that these plans will work, and, to find out, it primarily institutes a mobilization test.

What It Is. It is a test of the progress made in our National policy of preparedness. And therefore, a test of our preparedness to prevent war.

And therefore, a test of our preparedness to insure peace. And therefore, a great national PEACE demonstration.

How It Will Be Done. A state committee of the heads of national patriotic organizations is formed, and this committee forms

local committees throughout the State and these committees plan, organize, follow-up and carry through the demonstration for their own locality which may be a county, a city, a part of a city, a village, or any other place whatever where the people may meet for the purpose of learning:

What Preparedness means. Why it is necessary. By what Authority it exists. Why it is the exact opposite of a war measure. Why it will insure peace.

What Will Happen. (The organized reserve is cited below because its organization and training are less complete than in the regular army and national guard.)

John Smith, a captain in the organized Reserve Corps, a patriotic citizen, living in Jonesville, is listed at the war department as commanding Company A, blank regiment of Infantry.

This regiment in peace is a paper regiment only. It becomes real only if war should be forced upon us.

If such a misfortune should befall us, then Company A, blank regiment, would, by selective service, become a company of 200 men, and Captain Smith, a trained civilian, would receive a uniform, arms, and food, and the company from the first man to the last man, Captain Smith has been trained how to do this. He has formed plans how to do it.

The mobilization test to be held on Defense Test Day, September 12, 24, next, is a test of Captain Smith's training in this respect. He will go through the motions that he has been taught. It will be a show, but, having no men in his peace company, he will ask Patriotic Citizens between 18 and 45 years of age, living in his locality, to volunteer to answer their names as members of his Company for an hour or two on September 12, next. And then, Captain Smith will ask the volunteers and all other patriotic citizens who will assemble to listen to a carefully prepared paper furnished by the war department, explaining definitely, and in detail, what it is all about.

And there may be patriotic speeches by others. And there may be games, and meets, and contests, to demonstrate the value of the War Department system of physical training.

And there should be a universal display in home and shop, of our Country's flag. And there should be prayers for our public safety and preservation of peace throughout our great republic.

DOES THIS SOUND MUCH LIKE WAR?

It does not. It is what defense test day means though.

SON OF AUGUSTUS FUNCK PASSED AWAY.

Died, August 2, 1924, at Grayling Mercy Hospital, Herbert C. Funck, son of Augustus and Ella R. Funck, aged two years four months, and twenty eight days.

Little Herbert passed his short life in South Branch township; always happy, and interested in everything about the farm, always a willing little helper around the home.

Born March 5, 1922, he had always been in good health throughout his little life, until July 28, when he was taken sick and gradually grew worse. The following morning the doctor was called, and made two trips but could not help the little fellow.

On July 31, he was taken to the hospital at Grayling where everything was done that medical skill could do, but of no avail.

He leaves to mourn his loss two brothers, Robert A., and an infant brother Edwin R., beside his parents, two grandmothers, a grandfather, and other relatives, and friends. The funeral was held at 2:00 o'clock Tuesday afternoon at the home. Burial in South Branch cemetery.

BOY SCOUT NOTES

Last Thursday saw the return of the boys who were at the scout camp for the ten days previous. A sun-burned happy crowd. Several of the boys walked in to Grayling to pass their hike test to apply on their first class badge.

The boys who passed their second class tests at the camp were Edwin Morfit, Clarence Morfit, Duard Willet, all but signalling and first aid; Eric Rosenstand, all but signalling, first aid and pace.

Tent No. 5, John Custer and Edwin Morfit took camp honors for inspection, winning the flag three out of five days.

Meetings. A regular meeting will be held next Monday evening at the usual time for all scouts and all who have made application for enrollment please be prompt.

The Boy Rangers will meet next Tuesday morning at 10 o'clock. All boys are to bring their lunch and be in readiness to go on a short hike.

Bake Sale. A bake sale will be held in Peterson's Grocery Saturday at two o'clock. The boys are trying to pay off a debt incurred by the camp's turn-out and show the boys that you are in favor of the movement and are behind them in all their projects.

The general taxpayer must make up to the government the amounts which it loses through inability to tax the income from billions of tax-exempt bonds.

PLAN FOR NEW ROAD NOW

It is not pleasant to keep on a subject, but it seems that it is timely to consider again the proposed cross-country highway, from Traverse City to Harrisville, via Benzie county, Traverse City, Kalkaska, Grayling, Mio, and Harrisville, all county seats.

A road across the State, as outlined above would connect up the following State trunk line highways:

From east to west: M-10, M-39, M-14, M-13, M-42, M-11, and M-22, all running north and south through the state.

This road would have a great military value as it connects up the Hanson State Military reservation in this county with the various north and south trunk line highways, and would consequently be looked upon with favor by the government engineers.

The reason for suggesting the road at this time of the year is because we believe prospective legislators can be more easily made to see the need of this improvement before the primary election. Action taken before the first of the year might also make it possible to include the appropriation for the work in next year's budget.

The Frankfort Patriot suggests that some of the towns call a meeting of delegates of various towns and counties interested and bring together those interested in the matter with a view of bringing the matter before the State highway department, and to the attention of Governor Grosbeck.

The united effort of every county and township interested in this proposed road can be easily gotten and should be sufficient to start the "ball a-rolling."

DOG TAX.

The unpaid or delinquent dog tax for Crawford County will be placed in the hands of the Sheriff and Prosecuting attorney August 25th for collection. In the meantime dog owners may pay such tax at my office in the Court house.

Edwin S. Chalker, County Treasurer.

NO STREET CARS IN PORT HURON

Attempt to Operate One-Man Cars Ends With Suspension of Service. Port Huron—All street car service save the operation of interurban cars was suspended Monday. Motor buses have replaced the street cars, some of them being operated under the direction of the City Electric Railway company.

The street car company, following its announcement made Saturday, attempted to operate its one-man cars. Chief of Police Hugh E. Stringer and a number of patrolmen and Mayor John B. McIlwain were on hand to prevent the cars from operating. As the first one-man car came out of the car barns, a patrolman signaled the motorman to stop.

The cars, four of them were ordered back to the barns and the deadlock that exists between the city commission and the street-railway company became a reality.

Driver, Shoes Wasp, One Hurt. New London, Conn.—In attempting to shoot a wasp out of his automobile, Charles Madison of Seymour, lost control of the wheel, permitting the machine to crash into a telegraph pole. Mrs. Madison was taken to the New Haven hospital with deep cuts on the head. Her husband and baby escaped.

BOARD INCREASES STATE VALUATION

WAYNE AND DICKINSON ONLY TWO COUNTIES FACING HIGHER PERCENTAGE.

SEVEN BILLION TAX ROLL ASKED

Valuation Increase of Five Hundred Million Dollars Recommended By State Commission.

Lansing—The equalization board is scheduled to meet Monday, August 13, in the senate chamber of the capitol. Counties having complaints against the valuation recommendations of the board of tax commissioners may present their claims at that time.

The state board of equalization consists of the three members of the state tax commission, the auditor-general and the commissioner of agriculture. The board met this week and organized for its sessions, electing George Lord, of Detroit, of the tax commission, as chairman, and Harold Fuller, representing the auditor-general, as secretary.

The valuation, as fixed by the state board of equalization in 1923, was \$5,540,000,000. The tax commission recommends that it be fixed at \$7,007,917,000 for 1924.

A peculiar thing about the recommendation of the tax commission is that, while it raises the valuation nearly a half billion dollars, only two counties will be paying an increase in percentage of the total state tax. This is due to the increase in valuation. The two counties increased are Wayne and Dickinson.

Many counties are increased in valuation, as recommended by the tax commission, although their percentage of the total state tax will be decreased, rather than increased, because of the increase in valuation throughout the entire state.

Wayne county shows the largest increase in valuation, as recommended by the tax commission. In 1923 the equalization board placed the valuation of Wayne county at \$2,664,740,000. The 1924 recommendation of the tax commission is \$3,163,333,000.

Wayne in 1923 paid 40 per cent of the total state tax. If the 1924 recommendation of the tax commission is accepted as final, Wayne will pay 45 per cent of the total state tax.

Dickinson county, the only other county to show an increase in percentage of the total state tax, paid .0034 per cent in 1923, and would pay .0036 under the tax commission's 1924 recommendation.

POLICEMAN SLAIN BY BANDITS

Bank Robbers in Daylight Holdup Make \$2,400 Heist. Detroit—Patrolman William G. Ashworth, 27 years old, 1648 Mack avenue, of the McClellan avenue station, was shot and instantly killed shortly after 10 a. m. Monday in a duel with two bandits who held up and robbed the branch of the Continental Bank at 11517 Charlevoix street.

The robbers, one of them carrying a shot gun after parking their car in the rear of the bank in an alley including one man at the wheel, entered the bank and without shouting or ordering a command to the policeman or the bank employees opened fire.

After Ashworth dropped, the bandits ran into the cage and forced C. A. Webber, manager, to turn over the cash in the window. This was in excess of \$2,400, the bank officials said.

Blood stains in an alley in the rear of 5937 Harding avenue Monday evening led to the discovery of a dead man in a garage at that address. He had been shot through the head. Police believe he was one of the band of four that robbed the branch of the Continental bank.

MARINES STILL SEEK RECRUITS.

Due to the numerous applications of young men who desire to enter some branch of the service, recruiting has been virtually suspended in all branches excepting the U. S. Marine Corps. This service still has openings for a limited number of men who desire to take advantage of the opportunities for travel, study, athletic sport and the many interesting duties which the Marine Corps offers.

It is probable that within a short period only men with previous service will be accepted, as vacancies are rapidly being filled and each recruiting district can accept only a limited number of men who are making their first application for service. Any fairly robust young man of good character has a good chance to qualify, and can learn full particulars by applying at the Marine Corps Recruiting Station, 508 Equity Bldg., Detroit, Michigan.

Miss Margaret Joseph was hostess at a kitchen shewer at her summer home at Lake Margrethe, Monday afternoon in honor of Miss Clara Nelson. The color scheme of pink and white was most attractively carried out in the table decoration. The hostess served a delicious two course lunch. Covers were laid for twelve.

The ladies of the "It Suits Us" club spent a pleasant afternoon Tuesday afternoon with Mrs. Max Landberg. "500" was enjoyed. Mrs. Victor Smith receiving the first prize and Mrs. Anthony Trudeau consolation. Miss Jennie Ingley received the guest prize. A lovely lunch was enjoyed late in the afternoon.

Forty men are working to recover the body of William Nagel of Detroit, who was drowned in Osego Lake Sunday afternoon. Nagel and a friend were crossing the lake in a canoe when a sudden storm caused it to capsize. Nagel sank from sight but his friend was saved. The young men had been at the University of Michigan engineering camp, both being students at that school. Nagel was the son of a well-known real estate dealer of Detroit.

Edward Frensdorff of Hudson, democratic candidate for governor, and Dean Mortimer Cooley of the University of Michigan, democratic candidate for U. S. senator, were in the city Sunday evening and Monday forenoon. Mr. Frensdorff said they were not here campaigning but were only crusading and trying to get in touch with the democratic organizations of the several counties.

The latter has some decided ideas on state government. At one time he was acting warden of the State prison at Jackson, where he made an excellent record. Dean Cooley is the oldest professor in the University in years of service, having served for more than 40 years, and is at the head of the engineering department. Of course he is a wonderfully fine scholar and a most delightful gentleman to meet, as is also Mr. Frensdorff.

The visitors while here were given their first glimpse of Michigan's fine military camp, the Hanson State Military reservation, and were quite surprised at its magnitude and appearance. They also visited the trout hatchery and seemed to enjoy seeing the great numbers of fine large trout of the several varieties.

After their sight-seeing about town the gentlemen gathered at the office of Andy Huet, registrar of deeds, at the court house with local leading democrats to help lay out a plan for the local democratic campaign.

Grayling disappointed on base ball trip to Onaway.

Onaway took two games of base ball from the Grayling team Saturday and Sunday at Onaway, in which the locals feel that they were not given a square deal.

Both games were very close and no doubt would have been victories for the home team if it had not been for the umpire's decisions, which were always in favor of Onaway.

It is no disgrace to lose a good ball game and we are good losers but it hurts to lose games like those at Onaway.

Saturday's game ended 4 to 3 and would have been a good game to watch except for some of the bad decisions given. We started out with three runs in the first inning but were unable to score after that. In the eighth inning we had a man on second and third but were robbed of a chance to score by a bad decision at first base.

"Babe" Laurent pitched Saturday's game and should have won. He was given good support and pitched a very good game allowing only nine hits and striking out three men.

Johnson pitched Sunday's game and allowed seven hits and struck out seven men. Two costly errors gave Onaway a two run lead in the first inning. C. Johnson tied the game with a home run in the eighth. There was no way to beat them for in the ninth inning the umpire walked the first two men. Warner then hit an infield fly and Matile was doubled at third. Burnette walked. VanDusen scored on an overthrow at third.

MRS. JOHN OLSON PASSES AWAY

WAS ESTIMABLE RESIDENT OF GRAYLING FOR MANY YEARS.

The cause of much sorrow and grief was the death of Mrs. John Olson at her home in this city Monday evening. Just as twilight was drawing near this estimable lady closed her eyes to a long, useful life. The cause of death was due directly to the infirmities of old age. Mrs. Olson having reached her 75 mark. Her illness was of short duration during which time she was given every comfort by her children who reside away, but who were called to her bedside.

Mrs. Olson was born in Denmark, June 10, 1849, where she was known as Karen Jacobsen. Her girlhood was spent in her native home, but when she grew to young womanhood she like many more of her friends now reside here came to America to seek their fortunes. When she first came to this country she settled in Manistee, where on November 10, 1876 she was united in marriage to John Olson. After a short residence in that city they came to Grayling, joining some of their friends that had come to Grayling from Denmark, and since they have spent their lives in our midst.
